

INSANE MEXICAN IS IN OFFICERS' HANDS

Was Brought to Warren by
Johnny Scott from Here-
ford Grading Camp

A Mexican, named D. Drieto, sup-
posed to be insane, was brought up
from the railroad camp near Hereford
yesterday by Johnny Scott, boss of
the camp. The Mexican was turned
over to the police of Warren. Mr.
Scott said that the Mexican had ac-
tually been in a queer manner for a number
of days and that, on Monday night,
he jumped into a fire and fought
those who attempted to take him out.
Mr. Scott reports that the railroad
work near Hereford is progressing
favorably. The Southwestern has a
large gang of men at that point work-
ing on the widening of the railroad
right of way. The right of way will
be increased from sixteen to twenty
feet for the entire distance from
Hereford to Lewis Springs.

COUNTERFEIT COINS AFLOAT IN DOUGLAS

Bear 1900 Dates and Are
Very Poor Imitation
Says the Report

It is reported here from Douglas
that counterfeit twenty-five cent pieces
are being circulated in that city.
To date none of the bad money has
made its appearance in Bisbee.
The coins are dated 1900 and are a
very poor imitation. They have no
milling on the edges and do not have
the ring of a genuine silver quarter.
Those that, a few months ago, caused
the arrest at Douglas of a Mexican
conner, together with his wife and an
accomplice. At the time of the ar-
rest of this counterfeiter it was an-
nounced that there was a band of
counterfeiters in Sonora, who were
manufacturing spurious American
quarters, half dollars and dollars.
These were passed on the natives of
Sonora but, it is said, the imitations
were so bad that no one familiar with
American silver money could be fooled
with the imitations.

MACHINE GUNS WILL BE A NEW FEATURE

Sham Battle Between Mem-
bers of Troop of the
Ninth Cavalry

One of the features of the military
field meet to take place in the War-
ren Hall Park on the afternoon of
Sunday, December 22, will be a sham
battle between the members of Troops
A, B and C, Ninth Cavalry, in which
a thorough test of the new machine
guns adopted by the United States
Army will be made. The machine
guns are similar to the regulation
army rifle in appearance but they con-
tain a magazine which will hold five
hundred bullets which may be shot
automatically in rapid succession. A
machine gun can shoot 700 bullets in
a minute. Firing rapidly changing
targets. This is done by moving the
rotary stand on which the gun rests.
Thirty-eight calibre blank cartridges
will be used in the practice by both
sides and points as to the efficiency
of the new guns will be reckoned by
the army regulations.

THERE IS A DIFFERENCE BETWEEN HAIR PROMISES AND HAIR RESULTS

Promises won't overcome hair
trouble. The manufacturers of New-
bro's Herpicide, promise nothing which
is not justified by an intelligent use
of this preparation. The desired and
ultimately becomes an accomplished
fact. This is the reason that Herpicide
has thousands of satisfied friends all
over the world.

By keeping the scalp clean and
healthy and destroying the dandruff

germ, Newbro's Herpicide makes
beautiful hair. Herpicide prevents the
hair from falling and allows it to grow
unhindered and naturally except in
cases of chronic baldness which is
incurable.

Newbro's Herpicide in 50c and \$1.00
sizes is sold by all dealers who guar-
antee it to do all that is claimed. If
you are not satisfied your money will
be refunded.—Advertisement.

ANNUAL TAX SEASON HERE

Payment Last Month on Cur-
rent Tax Bills Amounted
to \$84,278.04. Monthly
Report of Measure

BALANCES ON HAND

(Oscar K. Goll, Staff Correspondent.)
TOMBSTONE, Ariz., Dec. 9.—County
Treasurer Charles W. Hicks has
filed with the clerk of the board of
supervisors his monthly report upon
the condition of the treasury for the
month ending November 30th, and
the same does indeed reveal some
very interesting figures relative to
the financial condition of the county
strong box.

The report shows that on the first
day of November there was a balance
in the county treasury of \$91,786.06,
while the receipts and collections dur-
ing the past month amounted to \$105-
174.22, making a total of \$196,960.28
handed in that department of the
county government during the past
thirty days.

November went on record as an ex-
ceptionally good month, owing to the
tax collection for the present year,
and it is expected the treasurer's re-
port for December will far exceed the
receipts of the past month, owing to
the fact that all county and state
taxes will become delinquent on the
third Monday of this month, and ac-
cording to the assessment rolls there
will be collected for taxes in the
neighborhood of \$600,000 for 1912
taxes.

Principal among the receipts for No-
vember were the following items:
Justice and constable fees \$ 238.60
Recorder Murphy, fees 537.20
Superior Court, fees 597.20
Sheriff Wheeler, fines, fees
and licenses 2,409.95
Incidental receipts 265.55
Excess Tax Sales 67.99

The report further shows the sum
of \$84,278.04 to have been collected by
Treasurer Hicks for taxes for the
current year, the same being credited
as follows to the various funds:
State and County Taxes \$54,278.04
Special School districts tax 1,472.57
School taxes 787.50
Road taxes 574.00
High school taxes 4,710.55
Bond and Interest tax 4,044.11
Back Taxes, 1907-08-09-10-11 1,755.82

The disbursements during November
amounted to \$34,542.56. A balance
in the county treasury on No-
vember 30th of \$162,417.78. Principal
among the disbursements were the
following:
General county warrants \$ 15,853.24
Salary warrants 4,917.22
Road warrants 1,630.67
Building fund warrants 389.10
County School sup. expenses
warrants 60.30
Institute warrants 268.92
High School warrants 8,579.55
School district interest cou-
pons paid 2,500.00

The following balances remained
in the principal county funds on No-
vember 30th:
School Building fund \$ 4,665.25
General county fund 29,023.95
Salary fund 1,937.85
Road fund 15,759.14
State Tax fund 37,752.73
Transportation school fund 21,514.94
School district fund 10,429.71
High School fund 5,840.51
School bond and interest
fund 34,690.95
Excess Tax Sales fund 354.73
Unclaimed estates fund 282.54
Teachers' Institute fund 122.37

CHILD SACRIFICES SELF

Little Girl, Though Ablaze Saves
Baby Sister First

TOOELE, Utah, Dec. 10.—A rare
example of childish forethought was
given today by 8 year old Pearl Skia-
ner before her death from burns.
She was singing her baby sister to
sleep in front of a stove when a fire
coal ignited her dress. Although
ablaze in an instant the little girl
laid the baby carefully on a chair and
called her mother to care for it be-
fore running into the yard, and plung-
ing into the snow. She lived only a
short time.

SOUTHWESTERN NOW PUSHING COMPLETION

Expected to Be Operating
Three Trains to Tucson
by First of New Year

TUCSON, Ariz., Dec. 9.—Commenc-
ing the first of the new year, the
El Paso and Southwestern will run
two or three trains daily each way
over the Tucson division. Two daily
trains will certainly be run, and if
the business justifies it, there will be
scheduled to leave and arrive in this
city each day. It is expected that the
big increase of business which will
come with the new year will make
this necessary.

The engineering offices of the com-
pany have been discontinued at Tuc-
son and from now on the engineering
problems will be solved at the of-
fice of J. R. Emerson, division engi-
neer located at Douglas. J. S. Harlow,
who was construction engineer during
the building of the yards, has gone
to El Paso.

All construction work on the tracks
in the yards has been completed.
About 14 miles of track have been
laid in Tucson and this comprises the
yards. A gang of men is ballasting
these tracks now and it is thought
they will be finished within a short
time.

Work on the new depot was started
Monday. Excavation for the founda-
tions goes on steadily. It is said that
the building was supposed to be com-
pleted on December 1. The Pearson
company, of El Paso, have the con-
tract. The work on the depot was
held up early in the fall by untimely
rains.

Work on the freight depot is pro-
gressing rapidly. All the concrete
foundations are down and soon the
construction of the building will be
commenced. The round house will be
finished shortly. It is of concrete and
brick and will shelter 12 engines.

Gauge Out Their Child's Eyes To Win
Sympathy

CERBERE, France, Dec. 10.—A
man and wife living at Gave, were
yesterday caught gouging out the eyes
of their five year old child, with the
object of rendering it more pitiable
and thus being able to obtain at a
beggar more sympathy from the pub-
lic. The child was made blind before
their arrests.

Stone in Bladder Removed Without An Operation

In the Spring of 1904 I was confined
to my bed with kidney trouble, and
thought that I would never recover.
I took a lot of medicine but did not
realize any benefit from anything. I
finally saw Dr. Kilmer's Swamp-Root
advertisement and sent for a bottle.
I bought the sample bottle and it
helped me, so I bought more of the
medicine from my druggist, and after
using a few bottles discharged a very
large stone from my bladder.
After passing this stone my health
was very much improved and I have
been able to continue my business
without any serious sickness.

SALE NAVAJO RUGS

A Delayed Shipment Results in Rare Bargains
For You-- Savings Average ONE-FOURTH

WE PLACED our order for NAVAJO RUGS early last summer for October 15th delivery, through
someone's error they did not reach us until last Saturday, December 7th, almost two months late.
Of course, we would not receive them at this late date, our rejection was wired to the dealer, and
rather than pay transportation charges both ways, he made us a liberal concession in price, averaging
about ONE-FOURTH and which we are willing to share with our patrons.

There is a large assortment from which to choose, new and beautiful patterns and rich color combina-
tions. The prices we have placed on these rugs as their original value have not been exaggerated, but a
conservative estimate of their true worth, as a comparison with prices other stores ask for equal qual-
ity, size and weight will conclusively prove.
